

YMC Founder members Advisory board Country and Regional representative

DR T SUNDER

Senior Consultant Cardiothoracic & Transplant Surgeon

PROFILE:

In 2004, he returned to India and took up a post as a Consultant Cardiothoracic Surgeon at Apollo Hospitals, Chennai. With his colleagues, he developed the Department of Heart and Lung Transplantation and Mechanical Circulatory Support and is currently the Director of Lung Transplant programme at Apollo Hospitals, Chennai.

He is an executive member of the Indian Society for Heart and Lung Transplantation (INSHLT), Joint Secretary of the Heart Failure Association of India (HFAI), Life Member of Indian Association of Thoracic and Cardiovascular Surgeons (IACTS) and Member of International Society for Heart and Lung Transplantation (ISHLT). He currently serves an expert in Apex

Technical Committee for Lung Transplantation at the National Organ and Tissue Transplant Organisation (NOTTO) and an expert in Technical Committee for Heart and Lung Transplantation - North Zone for Transplant Authority of Tamil Nadu (TRANSTAN). He has helped develop lung transplant programs in centres across India playing an advisory role. He has organised National conferences, has made presentations in International and National Conferences and delivered lectures in various Continuing Medical Education (CME) throughout the country.

He is the managing trustee of "Annapoorani Aachi Educational and Charitable Trust" to help education amongst lesser privileged members of our society. He is on advisory board of YMC Organ Donation and Transplant Foundation.
