TOGETHER WE CAN

Find the

HERO

In U

4 Lakh people die every year in India waiting for a suitable organ and successful transplant. The numbers are increasing every year. Picture across the globe is no different. There is a wide gap between the number of organs required and the organs available. Lack of awareness is main reason behind this.

YMC Organ Donation and Transplant Foundation is a charitable, No-Profit, Non-Government organization. It conducts Organ Donation Camps in Corporate world, Educational institutions and communities. Our objectives are

1. To spread awareness about Organ Donation and Transplants.
2. To burst the myths and taboos in society related to organ donations
3. To motivate individuals to donate organs
4. To get the organ donors registered at the government repository

Duration of workshop: Two hours

Workshops are arranged with prior appointments
